TSUKUYOMI
Moon Phase 月詠™

After everything they've been through, Kouhei and Hazuki are happy to find themselves on a secluded island with nothing around but calm seas, azure skies, sacred ruins and...*Freya*?! The troublesome vampire is back and up to her old bloodsucking, slave-making tricks. But the battle to save Kaoru from demonic possession will reveal a controlling force more powerful and evil than any they've faced.

If Kouhei can't fight and Hazuki can't escape, can love survive the sins of the father in this volume of *Tsukuyomi: Moon Phase*?

Story So Far

To search for her mother, the vampire girl Hazuki follows aspiring photographer Kouhei Morioka to Japan. Count Kinkel, head of a vampire clan, in an effort to capture Hazuki, follows them. Kouhei barely manages to destroy Kinkel, and vows to become stronger so he can protect Hazuki. After two years of training in the mountains, protected by a magical barrier known as a kekkei, Kouhei learned the Erase ability. After a difficult fight, he managed to repel the vampires who were after Hazuki. But, their secret location revealed, they were forced to leave the safety of the mountain. The group arrives at the Unnamed Island, believing it safe from the vampires. While they prepare to participate in a festival on the island, the vampire Freya, having already infiltrated the island, enslaves Kaoru...
